Tualatin, Oregon, U.S.A.— January 19, 2010

The popular CRKT[®] Drifter and Pazoda[™] are a collection of high-quality affordable little knives that seem to shout, “Engrave your name or put your company logo right here.”

What makes a good logo knife? It should be affordable, and it should have some large flat areas on the blade or frame suitable for logo imprinting. So we at Columbia River Knife & Tool[®] (CRKT[®]) are very happy to present the Drifter and Pazoda[™] series. They’re high-quality knives that are priced low enough to purchase in quantity, and all have flat areas that are perfect for our “Company Billboard” imprinting by laser or silk screen. Or you can take any one to your local trophy house for personalized engraving.

The **Drifter G10** is a locking liner folder with black G10 scales and a premium 8Cr14MoV stainless steel 2.875” drop point blade in a gray titanium nitride finish. It features an InterFrame build with stainless steel liners and a black stainless steel clip. It is available in both Razor-Sharp or Combined Razor-Sharp and Triple-Point[™] Serrated edges.

The **Drifter Stainless** is a stainless steel frame-lock folder. The flat titanium nitride-coated frames are ideally suited for imprinting. It also features a 2.875” 8Cr14MoV stainless steel blade with a Razor-Sharp edge and a brushed finish. A stainless steel clip is included.

The **Pazoda[™]** is a stylish frame-lock folder with a 2.625” premium 8Cr14MoV blade, gray titanium nitride coated. The stainless steel frames are also given a gray titanium nitride coating, and then a brushed finish on the outer surface only, leaving an ample bright area for imprinting. The oval blade hole allows fast either-hand opening. A stainless steel clip is included. The Pazoda is available in both Razor-Sharp or Combined Razor-Sharp and Triple-Point[™] Serrated edges.

The smaller **Pazoda[™] 2** is similar in design and materials to its larger brother, but with a 2.125” Razor-Sharp blade. It is simply an incredible value in an all-stainless steel folder.

For more information on colors, pricing and minimum quantities of custom “Company Billboard” imprinting of CRKT knives with your logo or message, see our web site, www.crkt.com. The Drifter and Pazoda series open a new vista on the world of affordable logo knives. For example, the three Drifter models have an MSRP of only \$29.99; the larger Pazoda models are only \$24.99, and the smaller Pazoda 2 is just \$19.99.

The Drifter 6450KC and Pazoda 6490C are available in retail clampacks.
